RURAL DISTRICT HEALTH COUNCIL ANNUAL REPORT

January 1, 1973 – December 31, 1973

The Rural District Health Council became of age during the past year. The organization has separated from the Portsmouth Rehabilitation Center and is now an independent certified Home Health agency supplying comprehensive health services to its member towns. In March, the towns of Farmington and Milton voted to join the Rural District Health Council, so the number of people covered by the organization was expanded to 14,257. The Board of Directors voted to move the office from Portsmouth to Farmington and this was accomplished on April 15, 1973.

As a result of expansion and relocation, our staff has grown to six nurses, a physical therapist and a secretary-bookkeeper. The staff nurses employed by the agency include Mrs. Cynthia Blood, Agency Supervisor; Miss Arlene Thorne who has worked faithfully and tirelessly since the program was initiated; Mrs. Ardala Houle who is now coordinating patient referrals in the area hospitals and nursing homes, and also coordinates the Well Child Clinics; Mrs. Barbara Drew who is well-known in Farmington where she has been the visiting nurse for many years; Mrs. Myrtle Walsh of Milton who has been active in nursing in the area and joined the staff on May 1st; and Mrs. Lucy Myers of Deerfield, a newcomer to the area who has had previous visiting nurse experience. Mrs. Kathleen Hansen, a registered physical therapist, has a fine varied background in her field. Mrs. Norma Davis is a very capable secretary-bookkeeper who handles much of the office detail.

The value of home care becomes increasingly evident as indicated by the size of the morbidity case load. Three Well Child Clinics are held monthly with several extra clinics scheduled throughout the year. These are sponsored by the Council in cooperation with the N. H. State Department of Public Health. An addition to the clinic program this year was a Dental clinic for children from 3 to 6 years who were enrolled in the Well Child clinics. This was possible through the cooperation of the N. H. Bureau of Dental Public Health, Division of Public Health. A total of 227 children participated in this program.

The Strafford County Prenatal and Family Planning Clinic has expanded its area of coverage and the Rural District Health Coun-

cil works very closely with this group making home visits to all of the patients from the area enrolled in the clinic. The Council is also involved with the Exeter Area Family Planning Clinic.

The Seacoast Regional Counseling Center in Portsmouth has developed an Aftercare Program for Rockingham County to do follow-up for patients being seen at the Center and also patients being discharged from the N. H. State Hospital. The Rural District Health Council provides the nursing care for patients being treated from member towns. The Strafford Guidance Center is currently planning a similar program for Strafford County and the Council is represented on the planning committee for this service.

The Council is represented on a steering committee planning for Homemaker-Home Health Aide services for Strafford County. It is hoped this much needed service will be available in the coming year.

The Rural District Health Council worked in cooperation with the Milton Community Health Service in providing Tuberculosis screening, Hearing and Vision screening, and Diabetic screening which were well received by area people.

The Rural District Health Council has been supported by the funds contributed by the member towns at an annual rate of \$1.00 per capita, state grants and fees for service. Any one interested in the program or needing service is asked to contact the office in Farmington, P. O. Box 563, 6 South Main Street, Tel. 755-2989.

REPORT OF THE LIBRARIAN AT THE MIDDLETON LIBRARY

A total of 14 books were borrowed this year. They all came from the New Hampshire State Library Bookmobile. We have one book lost and payable to the N. H. State Library Assoc.

I have since sent in my resignation and I want to thank you all for your help and cooperation.

REPORT OF THE SUPERINTENDENT OF SCHOOLS AND THE ASSISTANT SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of the Middleton School District:

Pupils being educated in the Farmington AREA School from Middleton are as follows.

District	1	2	3	4	5	6	7	8	9	10	11	12	Total
----------	---	---	---	---	---	---	---	---	---	----	----	----	-------

Middleton	17	10	11	12	14	7	10	11	10	5	4	4	115
-----------	----	----	----	----	----	---	----	----	----	---	---	---	-----

The tuition rates for the above students are \$420.00 for pupils in grades 1 through 7; \$439.00 for pupils in grade 8; and \$805.00 for pupils in grades 9 through 12. The above figures include the 2% rental charge authorized by the AREA contract.

In September of 1973, the enrollment in the Farmington Schools was as indicated below.

School	1	2	3	4	5	6	7	8	9	10	11	12	Total
Memorial Drive	114	84	100	101									399
Main Street				93	80	77							250

Another matter of importance to the voters of the district is the possible effect of recent legislation on the operations of the district. To this end, a brief review of new laws and changes which are of significance is presented.

Legislation having to do with handicapped children. The school district has been made responsible for the education of handicapped children from the time of birth until these children reach the age of twenty-one. Previously, it was responsible only after the child reached age five. The tuition liability for these children is limited to the state average cost, although current advice indicates that the district may pay more should it wish to do so. Districts are liable for transportation when a handicapped child reaches age four. Since handicapped children are learning disabled to a greater or less degree, the statutes now permit the employment by districts of learning disabilities teachers, the certification requirements of these teachers having been established by the State Board of Education. Another handicap which has been much in the news is

that of children with kidney disease. A law has been passed to make the state responsible for the payment for the care and treatment of children with end stage kidney disease.

Legislation which has an effect on school finances in general. A number of districts in the state have reconsidered rejected bond issues immediately upon their defeat. This is no longer possible because at least seven days must elapse before a vote of reconsideration may be taken, and notice of the reconsideration must be published in a newspaper at least two days before the new vote. Each school, if it does not already, must make a lunch or breakfast available for pupils. No waiver beyond September 30, 1979 will be granted. This could cost money for equipment or facilities, as well as labor. Even though the dual enrollment program has been pretty well defeated by court actions, the child benefit program has not been ruled out, and a number of new benefits, such as driver education programs, educational television, lunch programs, have been made eligible. In order to place the sweepstakes program on a fiscal year, rather than a calendar year basis, sweepstakes benefits will be paid in September, instead of December. The first year of this operation will reduce the payment by one third, as a result as only eight months, not twelve, will have elapsed. If a foster child is placed by a state agency in a district other than the child's original home, the new district will receive a sum of money, presently \$200.00, toward the payment for the child's education. When students attend a vocational program in an AREA vocational high school, such as Dover Vocational, which is not the usual high school for the district, districts which do not maintain high schools will be responsible for tuition up to the amount the high school of regular attendance, or the state average cost, whichever is higher. In the past, districts which tuitioned high school students to other districts have been responsible for tuition only up to the state average cost. Under the new law, districts must be responsible for whatever the receiving public high school charges, unless there is a contract calling for a different payment. The state average for high schools this year is \$931.00, but some high schools in the state charge as much as \$1,200.00 for tuition, the difference being the responsibility of the parents.

Additional programs which the schools must provide. The legislature added two more programs which school districts must include

in the school curriculum. One is a mandate to provide instruction in the venereal diseases, which have become epidemic in New Hampshire, and the other is to provide instruction in nutrition education to be incorporated in the regular course of instruction.

Legislation effecting the operations of school boards and districts. Under the "right to know" law, any official who refuses a citizen access to a public document is personally liable for attorney's fees if a court order supports the citizen. School districts may adopt the absentee ballot when the Australian ballot is in use in that district, but if adopted, candidates must file at least thirty days before the election. This requires an article in the warrant. Immunity from civil suit has been granted to school board members for action taken in a legal school board meeting. A school district may vote at a district meeting to indemnify any official employed by it while acting in his/her official capacity for loss or damages resulting to them personally. The District shall indemnify its employees and officers acting in their official capacities when a suit involving civil rights is involved. The district may purchase insurance to cover its expenses in the actions mentioned above. There must be a warrant article to cover this expense if the district decides to purchase insurance.

There were, of course, other actions taken by the legislature, some of which effected particular districts, but, it appears that those of general interest have been summarized above.

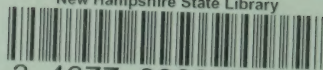

In closing, we would like to express our appreciation for the cooperation we have received from the citizens, the school board members, the pupils, and the staff.

Respectfully Submitted,

CHARLES H. MORGAN
